FINANCIAL PLAN OF CITY WOOD YARD

DIFFICULT TO ARRIVE AT EXACT COST OF WOOD.

FUNDS LOANED BY BANKS

Aim to Sell at Average Cost With No Profit. Varying Conditions Make Prices Different.

State Historical Society COLUMBIA

We are repeatedly asked if we are going to get a small profit on the wood handled by the Fuel Committee and if there is profit where does it go, who is furnishing the money to buy fuel with.

The committees aim to sell the wood at the average cost, taking into consideration the work donated by the citizens, and if there should be some profit it is to be turned over to the Welfare board.

The money to finance the City Wood Yard was borrowed from the four Maryville banks by the Chamber of Commerce.

We might say further that we have found it very difficult to arrive at the exact cost price of our wood, owing to the fact that it is bought in varying quantities, at different distances from town and at different prices and that also the cost of transportation of the different lots varies on account of distance and condition of weather and roads and it may be that at the end we will be confronted with a loss on the total operation, in which event, it will be necessary for the Chamber of Commerce to make good the deficit.

We are indeed pleased at the assistance we have received from volunteer helpers, as without this help our sale price would have been much higher.

HINES WILL SUCCEED DR. GARFIELD

DIRECTOR GENERAL OF RAILROAD TO HAVE CHARGE OF FUEL

FEELS HE WAS SLIGHTED?

Garfield Also Believes the President's Plan Will Result in Higher Prices To Consumer

Washington, Dec. 12.—Announcement was made from the White House today of the resignation of Fuel Administrator Garfield. The president no whas the resignation and it will be accepted immediately. Director General Hines will perform the duties of the fuel administrator.

No reason is given for the resignation, it was announced at the White House today, but it is generally understoou Garfield feels he has not been accorded sufficient part in the recent negotiations with the miners and in as much as he has been slighted, must resign.

It was recalled in connection with the resignation that in suggesting a 14 per cent wage increase as fair for the miners and possible to be paid from present profits of mine owners, Dr. Garfield suggested a commission representative of the industry to review the findings, but expressed the conviction that such a body should not have the power to fix prices. His belief is said to be that with this power granted, a combination of the employer and employee in the industry to mulct the public by price raises is certain to result.

Santa will give VALUABLE gifts this Christmas

YES, the buying public, at holiday time, is growing more discriminating. Giving just for the sake of giving *something* is poor judgment at *both* ends. Why not bestow gifts that will *last*—that have genuine value—that represent something *really* worth while.

This store, although a Jewelry Shop, is filled to Christmas brimming with just such gifts. Beautiful, valuable, highly-prized gifts that *endure*.

Cut glass, jewelry in a wonderful new variety, watches and clocks, dainty additions to Mi-Lady's Jewel case—Perhaps a silver service or a single piece of exquisite design.

Then there are the famous W. W. W. Gem Set Rings. You could make up an entire Christmas list from the wide selection.

Best of all, these rings are guaranteed and, being nationally advertised, are known everywhere as a quality article.

Make this a "JEWELRY STORE" Christmas—you will not regret it.

The Brunswick
When Comparison is the Sincerest Form of Flattery

ANYTHING is good enough until something comes along that's better. A good imitation pearl gains admiration until compared with the genuine. Then the difference is readily seen.

Likewise with phonographs. The market is flooded with many makes. Extravagant claims of performance run riotous. By the expertly trained musical ear, however, quality is quickly detected. To the average buyer only comparisons will tell.

Compare the *Brunswick Phonograph* with other makes, and its superiority is noted immediately. *Come in today for demonstration.*

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

Ouch! Such Pain!
It Takes You Right In the Back!
SOMETIMES IN THE ARM, HIP OR FOOT

It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome and prolong life by taking the advice of Dr. Pierce, which is "clean the kidneys in good order." "Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking Anuric." This can be obtained at almost any drug store, in tablet form, and will dissolve uric acid as hot coffee dissolves sugar.

You know that before an insurance company will take a risk on your life the examining physician will test your water and report whether you are a good risk. You should send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout; or kidney disorder this or three times a night. Get Dr. Pierce's Anuric (Anti-uric-acid), for it will put new life into your kidneys and entire system. You will feel full of vim, vigor and vitality, instead of tired, dragged-out and blue.

WAR SERVICE FOR WOMEN
REQUIRES HEALTH AND STRENGTH
When was there ever a time when women were doing so much for mankind—and when was the health and strength of our women more vital to the very existence of our country. We can safely say Never. Their sacrifices, their industry, their courage, their patriotism is beautiful beyond words of description. But what of the poor one who wants to help but cannot because she is oppressed by some feminine disorder. To such we recommend with utmost confidence our successful old remedy and insert following a letter from one who proved its value.
Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss Flo Kelly, 476 South 14th Street, Newark, N. J.
The reason this famous root and herb remedy was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition.
